

Correction

Blake C. Meyers, Alexander Kozik, Alyssa Griego, Hanhui Kuang, and Richard W. Michelmore. (2003). Genome-Wide Analysis of NBS-LRR-Encoding Genes in Arabidopsis. *Plant Cell* **15**, 809–834.

In Figures 1, 4B, and 6, the Columbia allele of the *RRS1-R* gene that was originally cloned from ecotype Nd-1 was misidentified as At5 g45050. The Columbia allele (*RRS1-S*) of *RRS1-R* spans the genes At5 g45260 and At5 g45270, which were misannotated in the public databases as two genes (I. Somssich, personal communication). Due to this correction in the annotation of At5 g45260, this gene should now be labeled “TNLX” in Figures 4B and 6, and it should be added to the list of “split genes” in Table 2.
