

Download Figures from *The Plant Cell* and *Plant Physiology* as PowerPoint Slides!

The Plant Cell (www.plantcell.org) and *Plant Physiology* (www.plantphysiol.org), ASPB's premier plant science journals, now allow you to save any figure as a PowerPoint slide! This free feature is available for all articles published since 1998.

From the full-text (non-PDF) version of an article, click to "View larger version" of a figure. Then click the button marked "PowerPoint Slide for Teaching." The slide will include the full bibliographic citation of the article in which the figure was published.

We hope that you enjoy this new feature and that it enhances the teaching of plant biology in your classroom.
