PLANT
C E L L

A close-up photograph of a honeybee on a white flower with pink stamens. The bee is positioned on the left side of the frame, facing right towards the center of the flower. The flower has several white petals and prominent pink stamens. The background is a soft, out-of-focus green, suggesting a natural outdoor setting. The overall composition is centered and visually appealing, with the bee and flower as the main focus.

ORCHESTRATION OF S-RNase-BASED SELF-INCOMPATIBILITY
